Don't work for money; make it work for you." - Robert Kiyosaki

By giving your money time to grow you benefit from the power of compound growth.

Your investment period:

- Decide on your goal, then determine the amount you can invest monthly and the period you want to invest for.
- **Regular contributions** or a lump-sum contribution at the start of your investment gets you closer to your goal.
- You can save for: **your first home, kids schooling, graduation etc**

Term in years	
Minimum	Maximum
10	15
Monthly Total Premium	
Minimum	Maximum
R300	R2 000

- Choosing between the **5%** and **10%** escalations when you apply, ensures that your investment value stays close to inflation.

- The selected increase will be applied annually on the anniversary of the issue date of the policy
- Increases and decreases in premiums are allowed.
- You have the right to cancel the policy within **60 days** from the signature date of the policy and receive back all premiums paid.

The **benefit payable** at maturity is **equal to the greater of:**

- the fund value and
- the guaranteed minimum maturity value (GMV)
